

What's your open sky? Our Staff

"Helping people find a place to call home."

Omo Fagboore
Career Pipeline Program Manager,
former Housing Coordinator

"Seeing individuals discover and explore new passions."

Laura Field
Certified Peer Recovery Counselor,
Adult Community Clinical Services South County

About Open Sky

At Open Sky, we believe that individuals with mental health needs, developmental disabilities, substance use disorders, Autism, homelessness and other complex challenges deserve to live fulfilling lives.

Our role is to help the people we serve to see beyond and live beyond their perceived challenges. We support individuals and families to achieve their own definition of wellness, develop meaningful relationships, have access to opportunities of their choosing, such as education, employment or participation in community activities, and be active members of their communities.

We are committed to race equity and are on a journey to learn, grow, teach and transform.

We embrace, promote and teach evidence-based practices and are leaders in community inclusion. We are pleased to collaborate and partner with other community organizations because we know that working together is our best hope for achieving the best possible outcomes for those we serve.

Headquartered in Worcester, Open Sky employs 1,300 staff and offers 100 programs located throughout Central Massachusetts.

Our Mission

Blending best practices with the power of community, we partner with individuals and families to see beyond and live beyond perceived limitations to pursue fulfilling lives.

Who We Are The Open Sky Approach

Relationships

We are committed to people connecting with others in meaningful and mutually supportive ways. We help people nurture and develop relationships that support their vision of a fulfilling life.

Opportunities

We are committed to people doing more of what they want to do. We help people to connect or reconnect with the opportunities they find meaningful and satisfying. The sky is the limit!

Wellness

We are committed to people feeling their best. We support people in pursuing their own vision of wellness.

Fulfilling
Life

► Diversity, Equity, Inclusion and Belonging

Open Sky cares about supporting the whole person including the many identities, experiences, and influences that make a person who they are. We are proud to be investing in Diversity, Equity, Inclusion and Belonging efforts. We are on a journey to be anti-racist as we learn, grow, teach, and transform.

► Trauma-Informed Care

Open Sky is on the path to becoming a more trauma-informed, trauma-responsive and resilient organization. Through learning about and centering the principles of Trauma Informed Care, we seek to transform our culture to one that fosters safety, healing, and hope for all.

► Community Engagement

We believe community is an incredibly powerful tool. We offer inclusive activities, including arts and culture programs, for individuals of all abilities and facilitate opportunities for individuals we serve to play valued roles in their community.

What's your open sky? Individuals we serve

"The encouragement and guidance to discover my passion for art!"

Ann B.

individual served by the Family Support Center

"The support to be a part of my community."
