

Help someone live a fulfilling life – every day of the year!

Open Sky Community Services provides services to nearly **8,000 individuals** in Central Mass each year facing complex challenges. That means that **support is needed year-round** so we can continue to provide services and remove the barriers to living a fulfilling life. You have the power to ensure that individuals and families experiencing **mental health diagnoses, intellectual/developmental disabilities, and homelessness** get the help they need, every day of the year.

By joining The Sky Society, your monthly contribution will go **Beyond Giving**, and you will be welcomed into an **exclusive group** of supporters committed to helping our community.

As a member of The Sky Society, you will receive:

- a welcome gift
- early access to register for Open Sky events
- quarterly emails just for Sky Society members
- invitations to special opportunities and events
